3. Creating an account (to match your skills, education and experience with employers and jobs)

- On the home page, click on Create Free Account.
- Under Sign Up for Your New Account, enter a User Name, Password, and Email. Click Create User. The system will send you an activation email.
- Follow the link in the email to activate your account. The link will take you back to MyVisaJobs.com.
- Under Personal Profile, click on Update Profile to fill out your personal information and upload your professional photo.
- Under Career Profile, click on Update Career Profile to provide your Occupation Group, Career titles, Degree Level, and Career level.
- Add you memberships, Honors and Certifications (if applicable).
- Under Resume & Cover Letter, upload your resume and create your cover letter.
- Under Education & Experience, add in your work experiences and education background.

Now that you have an updated account, the system will provide the following resources under Visa Solution:

Solution List - Recommend employers based on your career profile.
Top Locations - Metro areas with largest number of openings for your career.
Top Industries - Industries with largest number of openings for your career.
Top Employers - Employers with largest number of openings for your career.
Career Projection - Project future job growth and list past work visa petitions.
Salary Estimation - Estimate your minimum salary requirement and salary range.
Skill Match - Match your skills to employers who are hiring for them.
